EXTRA Pullen Wins Grand Prix Race

SANTA MONICA, Feb. 28.—Pullen wins; time 5:13:30, an average of seventy-seven and two-tenths miles an hour, this breaking the record.

Glenn Martin Flies Over Racers—Paul Spiegel Killed on Way to Big Race

SANTA MONICA, Feb. 28.—It was announced an hour before the start of the grand prix that all entries except Harry Grant, driver of the Isotta, were ready for the contest. The weather was perfect, the wind being light and steady. The course had been greatly improved since the Vanderbilt Cup race of Thursday. Two hundred men worked for two days especially on the curves, "Death Curve" being made less dangerous. The early indications were that the crowd would be larger than that of Thursday. The grandstands began filling early. Many people camped along the course all night.

The sun beat down hotly, and as the hour for starting drew near thousands in the stands removed their coats, and under parasols appeared like an army of mushrooms. The track was a white glare.

Tetzlaff received a wave of applause when he led the line of entrants to the starting point in his giant Fiat, which loomed big above the other cars. Oldfield, De Palma and Cooper were also well received. At that hour the officials estimated the crowd at well over 100,000, and it was reported that the roads to Los Angeles were black with late comers. The seventeen entrants lined up two abreast, and many tested their engines, together the roar drowning the shouts of the crowd and the pit men.

The Race Was On

The Mason, No. 5, was withdrawn just before the start. Carlson, the driver who won third in the Vanderbilt Cup race, having broken a crankshaft while en route to the beach from Los Angeles.

Tetzlaff, in the Fiat, No. 5, leaped down the course at exactly 10 o'clock, the others following at fifteen second intervals. Tetzlaff developed a terrific early speed, exceeding eighty miles an hour, but the pace soon told and he was compelled to change tires at the end of the second lap. Wishart leaped into the lead, closely followed by Pullen and Anderson. Tetzlaff resumed the race in the fourth lap. Wishart maintained his lead through the fourth lap, Tetzlaff pulling up to second place, with Pullen, Anderson, Oldfield, Cooper and De Palma following in order. Tetzlaff's pace was close to eighty miles an hour, and the others were above seventy-five miles.

Tetzlaff's pace from the third to the seventh was terrific and he rapidly narrowed the half lap which separated him from the leader, but his heavy car made the gap too fast for his tires, and he was compelled to change again while several rivals swept past, the half dozen leading cars all exceeding seventy-five miles an hour. Predictions were freely made that few would be able to sustain that speed further without tire or mechanical troubles. Cooper was driving his usual conservative race, but was getting more speed out of the Stutz than in his exhibition on Thursday. The crowd constantly grew toward noon. It was estimated that it would exceed the Vanderbilt race crowd then.

Oldfield passed Anderson on the sixth lap. The leaders held the same position into the seventh lap, where Tetzlaff was again stopped by tire trouble. Wishart negotiated the first five laps in an average of 84 miles an hour. The tenth lap was finished at the same speed, Wishart leading, the others followed in order, Pullen, Anderson, Tetzlaff, Oldfield, De Palma. Verbeck was out with a broken valve for his Fiat.

Wishart held the lead until the twenty-third lap, when tire trouble halted him. Pullen, Anderson, Oldfield, De Palma and Marquis swept by in that order, Wishart following. In the twenty-sixth lap De Palma shot by the stands leading, Oldfield second, Marquis third. In the twenty-seventh Marquis and Anderson passed Oldfield, who then engaged in a duel with Pullen for fourth place. Time of De Palma for 25 laps, 2 hours, 38 minutes 37 seconds; Marquis, 2 hours 39 minutes 9 seconds; Anderson, 2 hours 39 minutes 27 seconds.

MARQUIS OVERTURNS AT DEATH CURVE, 30TH LAP In the thirty-third lap De Palma was compelled to stop for oil, gas and water. Marquis and Anderson passed him. Time for the thirty laps: Marquis, 3 hours 10 minutes 11 seconds; Anderson, 3 hours 11 minutes 3 seconds; De

DANIEL GUGGENHEIM

The most amazing statement recently made by a multimillionaire is that attributed to Daniel Guggenheim, president of the American Smelting & Refining Company, who declares that the United States government should own all railroads and telegraph and telephone lines. Mr. Guggenheim says the success of the parcel post has converted him to the belief that the United States government could operate our railroads, telegraph and telephone lines better than they are operated at present.

GOVERNOR JOHNSON'S GREAT SPEECH TO BE DISTRIBUTED HERE

S. J. Jackman, chairman of the Progressive County Central Committee, has received a letter from V. G. Gelich, secretary of the Los Angeles county committee, stating that several thousand pamphlets containing the speech delivered by Gov. Hiram Johnson in Los Angeles on Lincoln's Birthday have been shipped to Santa Ana for distribution. Gelich in his letter states that it is generally conceded that the address was the greatest ever delivered by Gov. Johnson, who has delivered many notable addresses since he undertook the leadership of the movement to oust the Southern Pacific from California's politics.

MRS. DRUMMOND PAYS TAX ON MONEY SENT FROM U. S.

LONDON, Feb. 28.—The court of appeals yesterday decided that Mrs. Malvina Drummond, formerly Mrs. Marshall Field, Jr., is liable for the payment of income tax in England on money remitted to her from the United States.

Palma, 3 hours 12 minutes 11 seconds; Pullen, 3 hours 12 minutes, 38 seconds. Oldfield was running fifth. Marquis gradually increased his lead into the thirtieth lap when he was overtaken by Death Curve. He was taken to St. Catherine's Hospital with his mechanical, Harry Haugh. The hospital authorities said they were unable to state the extent of the injuries upon the first examination. Both men were taken to the operating room. Reports were later circulated about the hospital that neither were fatally hurt.

While the racers circled the course Glenn Martin flew over them in an aeroplane, occasionally pursuing some flying car.

KILLED ON WAY TO THE GRAND PRIX AUTO RACE

SANTA MONICA, Feb. 28.—Paul Spiegel, a Los Angeles automobile dealer, was killed when his automobile, en route to the Grand Prix race, overturned. The three other occupants of the automobile escaped. Spiegel died at an emergency hospital on the race course.

BEGINS COUNTY ASSESSMENT MONDAY

Sleeper Expects to See Material Increase in the Total This Year

TWELVE FIELD MEN HAVE BEEN CHOSEN

One of Biggest Items in Advancement is the Spread of the Oil Fields

Next Monday at noon County Assessor James Sleeper and his deputies will commence making the 1914 assessment of Orange county. Preliminary work has already been done, and the assessments will be made with greater dispatch and with greater care than heretofore.

"There will be an increase in the total assessment of the county," said Sleeper today. "I have no doubt about that, for all of Orange county has gone ahead rapidly in the last year. The natural increase is going to be considerable. In the oil fields alone there will be a big increase. Many new wells have been brought in in the last year and the fields have been considerably extended."

This year Sleeper will have twelve field deputies instead of nine as last year. With money available for assessment work before the first Monday in March, the preliminary work has put the office into shape to make a far more satisfactory assessment than was possible under the old county government act when money was not available for field work until the first Monday in March. The county assessor and some of his deputies have gone over some of the orchard districts in the last few weeks. Many of the statements have already been written up in the office and are ready for completion and verification.

In addition to the two regular office deputies, Robert Skiles and Miss Mary Hilliard, three other deputies are now employed on the books. They are Misses Lena Lauterbach, Emma Jacobs and Opal Davis.

Sleeper's field deputies are all men well informed in their sections. They are: E. F. Waite, Santa Ana; A. C. Newell, Orange; A. L. Cotant, Tustin; Perry Woodward, Fullerton; J. J. Schneider, Anaheim; J. G. Launer, La Habra; O. P. Bunyard, Los Alamitos and Stanton; W. H. Bentley, Westminster and Newhope; Ed. Dozier, Garden Grove; C. E. Laverling, Huntington Beach; Samuel Dungan, Laguna Beach; Henry Vanderlieck, San Juan Capistrano.

The assessments will be finished and the books turned over to the board of equalization on the first Monday in July.

POISONING CASE IN SANTA BARBARA IS NOW UNDER PROBE

SAN JOSE, Feb. 28.—Before further investigating the poisoning of Mrs. Ruby Benson, her fifteen-month-old baby, Wayne, Mrs. Rose Hodges and her son Shirlo, aged three, the police are awaiting an analysis of the stomach of the Benson baby, which died. The other three were saved after heroic treatment. They all became ill after a luncheon of condensed milk and doughnuts.

The poisoning was apparently from strychnine. The sheriff's office is withholding the investigation pending the action of the police authorities.

UNCLE SAM'S LARGEST SUBMARINE CARRIES CREW OF TWENTY MEN

The largest submarine in the American navy, G-2, is now anchored at the Brooklyn Navy Yard. The boat is 160 feet long, which makes her much longer than any other vessel of the same kind in the navy. She carries a crew of twenty men, and can travel under water at a depth of 250 feet. The vessel is so well planned that she may remain below with her crew for 48 hours.

U. S. OWNERSHIP OF MAIL CARS URGED

Burleson Wants Government to Operate Own Mail Cars; Bill to Be Offered

WASHINGTON, Feb. 28.—Representative Moon, chairman of the house postoffice committee, declared today that Postmaster-General Burleson is urging an appropriation of \$200,000 for the initial purchase of steel mail cars to be used by the government as an experiment in operating its own mail cars, instead of those owned by the railroads.

A paragraph proposing this provision was stricken from the general postoffice appropriation bill recently on the point that it was "new legislation." Moon expects to submit a separate bill.

TRUANT OFFICER HAS ROUNDED UP SIX BOYS FOR PLAYING HOOKY

The beautiful weather of the last few days seems to have gotten into the bones of some half a dozen small boys, and possibly the weather is to blame for their disappearance from school. Truant Officer Weaver was informed, and he looked up the parents of the missing boys. The parents were dreadfully amazed. They thought their boys were going to school every day. They knew that they started for school. Confronted, the boys confessed. They had been playing hooky.

NOT WANTING JAP NEIGHBOR HE PAID \$500

That is the Defense in Suit Over Land Interest at Anaheim

Albert J. Ward declares that M. E. Wallace gave him \$500 with which to aid him to purchase land so that a Jap would not buy the property and become a neighbor of Wallace.

Wallace is suing Ward. His complaint asserts that there was an oral agreement whereby Wallace in giving Ward \$500 with which to make up \$2400 should receive a five-twenty-fourths interest in the land. The court is asked to decree that Wallace has that interest.

Today Ward's answer was filed by Attorney Leonard Evans of Anaheim. That answer states that in September, 1912, J. F. Walker was about to sell his property to a Jap. This property is located across the street from where Wallace then lived. Ward says that Wallace, for whom he worked, became very much excited at the prospect of having a Jap living so close to him, and that his prejudice against the little brown man was so great that he gave Ward \$500 so that Ward could buy the land to keep it from going to the Jap. Ward states that in order to raise the remaining \$1900 he had to dispose of some of his property at a loss. He made the purchase and maintains stoutly that Wallace has no interest in the property.

HUERTA MUST ANSWER FOR VERGARA

Minister Rejas Claims Vergara, Executed at Nuevo Laredo, Was Not American

BENTON INVESTIGATORS DELAYING THEIR START

Carranza Fears Assassination; Will Seek Disguise at Agua Prieta

WASHINGTON, Feb. 28.—Word received today from Charge d'Affaires O'Shaughnessy states that he has demanded of the Huerta government punishment for the persons responsible for the execution of Clements Vergara near Nuevo Laredo. He is claimed to be an American citizen and an indemnity demand will probably be filed later. Consul Garrett at Nuevo Laredo issued a denial of the Mexican claim that Vergara is a Mexican, and not an American.

Administration officials admit that the attitude of Governor Colquitt of Texas is complicating the situation and the activity of the Texas Rangers may precipitate trouble. Gov. Colquitt is reported as demanding protection for Texas along the border under the alternative of providing it with the use of the state militia.

NOW TALKING SMALL PARK ON EAST FIRST

Bennett Says Project in Northern Part of City is Not Abandoned

There has been some talk of again taking up a movement to establish a small park in the northern part of the city along the state highway, and another in the eastern part of the city on whatever street is finally selected by the state as the route of the highway. Residents of East First feel certain that that street will be the one selected by the state, and C. F. Bennett states that there has been some talk of establishing a small park on that street. The matter is in no definite form as yet.

The Farmers' Club made a proposal to M. Nisson a short time ago to establish a park on Santa Clara avenue between Main and Broadway, but no terms could be secured satisfactory to all concerned. Bennett states that some other plan may be worked out.

Bennett also states that it will not be long before a meeting of East First street property owners, those having frontage on First street between the Santa Ana tracks and the east city limits, will be called to discuss the paving of that portion of street with the same kind of paving that the state and county are using. Several months ago a petition for the paving was circulated, but signatures were secured with the provision that the state highway be routed on First street. The city trustees passed a resolution showing that it is beyond its power to give assurance as to the route to be taken up by the state.

CITIZENS CALL MASS MEETING

Gathering Concerning Nominations for Trusteeship to Be Held in Church

ANAHEIM, Feb. 28.—In response to a call issued by a committee comprising A. Nagel, H. P. Tobin, W. A. Ross, H. O. Henderson, O. T. Cailor, Mrs. C. A. Boege, Charles Eyebroad, Mrs. Louise C. Gifford, Mrs. Frances C. Harvey, E. M. Schlotter, U. S. Amack and P. H. Krick, a meeting will be held at the Christian church on the evening of February 28, for the purpose of naming candidates to run on an independent ticket at the municipal election to be held in this city April 13. Three new councilmen are to be chosen at this election to serve for terms of four years, and a clerk and treasurer for two-year terms, respectively.

The students of the Anaheim Union High School presented "H. M. S. Pinafore" at the High School auditorium last evening. The play was given under the direction of Miss M. Elizabeth Walter, and each member of the cast appeared to a good advantage. Miss Inez Elliott as Josephine, won much applause by her dainty acting and singing, while Edward Backs as Ralph Rackstraw delighted the audience with his remarkably clear tenor voice.

Strip of Land
At a meeting of the City Council, held last evening, J. H. Clabaugh, local agent for the Santa Fe, addressed the body in behalf of the Santa Fe relative to the purchase of a strip of land known as East Broadway street, owned by the Santa Fe as per their right of way, and which the city has used for a thoroughfare without having required a title to it. Mr. Clabaugh stated that his company did not wish to be arbitrary about the matter, but would accept a sum equivalent to the value of adjoining property. It was the opinion of some of the trustees that the city had given the Santa Fe this strip of land fully twenty-seven years ago and that it was hardly fair to ask the city to purchase it back, in view of the great increase of property values since that time.

Homer G. Ames, city attorney, in replying to Mr. Clabaugh, said that inasmuch as this property has been used as a thoroughfare by the city for the past twenty-seven years the city had already acquired a title to it and had only to establish such to be a fact in order to have same put on record, and that a cash remuneration to the Santa Fe would not be necessary.

Doctor Pabst's Bill Regulates Bichloride Sale

Dr. Charles F. Pabst of Brooklyn, N. Y., has caused to be introduced in the state legislatures of New York and New Jersey a bill regulating the sale of bichloride of mercury. He has also opened negotiations with Senator James B. Brennan of Boston to have the same bill introduced in Massachusetts and Georgia, Pennsylvania, and Connecticut are considering its introduction at the next session of their respective legislatures. It is planned to have the bill made the uniform one in the eastern states, and gradually spread it throughout the country.

The bill provides that bichloride of mercury can be sold at retail, only upon the presentation of a physician's prescription, and that all tablets must be colored green and made in the shape of a cube. It allows for unrestricted sale between wholesalers and druggists, and therefore imposes no hardship on the manufacturers.

"The public does not realize the extent of this bichloride peril," said Dr. Pabst in speaking of his bill. "In New York state alone there were seventy-eight deaths from bichloride poisoning in 1913. There were also quite a number of non-fatal cases of poisoning, and the public should be informed that every victim that apparently recovers from a case of bichloride poisoning is left with an incurable kidney disease."

"I expect to attend a hearing of this bill in each state, and if necessary will bring 100 physicians of high standing with me to testify that bichloride of mercury is rapidly being discarded as an antiseptic, and its sale could be prohibited entirely. There are several harmless antiseptics, more efficient than bichloride."

WILL DISCUSS RIVER PROJECT

Those Interested in Keeping Flood Waters Confined to Hold Meeting

Anaheim Herald: The mass meeting for discussing the proposition of forming a river protection district has been called for Friday evening, March 6, at 7:30 at the Fremont school in this city. People from all parts of northern Orange county which are affected by damage from the overflowing of the Santa Ana river in times of storm, have been invited to be present.

From present indications there will be a large attendance at the meeting for it has been reported that the sentiment is strong in favor of forming such a district now.

The meeting is called to learn the exact sentiment of all the people before going forward with forming a district.

The mass meeting was called by the committee from the local Board of Trade which thoroughly discussed the conditions of the river and the damage which had been done in the last two storms.

Engineer H. C. Kellogg, who was the engineer of the Newbert Protection district on the southern part of the river, will be invited to attend this meeting next Friday night, and it is expected that he will be able to give some definite plan and information which would solve the matter of protecting the surrounding country from storm damage.

Besides Engineer Kellogg, T. B. Talbot, chairman of the Board of Supervisors, will be invited to attend so that he might outline what steps would be necessary in forming such a district. County Surveyor J. L. McBride will also be invited to attend.

Judging from the sentiment which has been expressed by people from the affected districts and from the newspaper articles, there will be a large number of interested people present.

NEWPORT BEACH

FIND HULK OF OLD SCHOONER IN THE SAND

Vessel Went Aground at What
Was Then Entrance to Bay
Forty Years Ago

NEWPORT BEACH, Feb. 28.—The hull of a two-masted schooner that sunk at the entrance to Newport Bay forty years ago, has been uncovered by the heavy tides of the past few days. The schooner was about fifty feet in length and was heavily built of oak, which was still in a good state of preservation. According to Joe Baraca, a venerable Sonora Indian, who has lived here for fifty years, the vessel was laden with a carload of potatoes when she went ashore. The present entrance to the bay lies a half mile east from where the hulk was uncovered.

The Board of Trustees have advertised for a fifty-year telephone franchise by the terms of which the telephone company is to furnish ten free telephones for city use and pay to the city 2 per cent of its gross income. The Pacific Telephone and Telegraph Company does all of the local business here, but has operated so far without a franchise. The Home Telephone Company maintains only a long-distance pay station here, but it is understood that it will bid on the franchise when it is sold, April 29.

SENORA VILLA, WIFE OF THE MEXICAN GENERAL

Senora Villa, the real wife of General Pancha Villa, has been with him at Juarez for some time. This is the first picture ever published of her. While Villa has been marching over Mexico spreading devastation, she has been at home.

It is possible that she will become the first lady of Mexico, for Villa is now the strongest man there, except President Huerta. Within three months he has taken more territory and won more battles than all the other insurgent commanders. While Carranza is the ostensible head of the insurgent movement, he has been overshadowed by the man who took Juarez, Chihuahua and Ojinaga.

BREATHE FREELY! OPEN NOSTRILS AND STUFFED HEAD--END CATARRH

Instant Relief When Nose and Head Are Clogged from a Cold. Stops Nasty Catarrhal Discharges. Dull Headache Vanishes.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant

balm dissolves by the heat of the nostrils; penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with lead stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat, and raw dryness is distressing, but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.—Advertisement.

HUNTINGTON BEACH

WEEKLY PAPER IS SOLD BY L. P. HART

HUNTINGTON BEACH, Feb. 28.—The Huntington Beach News was sold by Louis Paul Hart today to James J. Conrad, formerly owner and editor of the Alhambra Advocate. The latter takes immediate possession. The paper will stand for the same policy—that of civic decency and opposition to the liquor traffic.

Ground was broken here for the new Methodist church, which is to cost \$10,000, with formal and impressive ceremonies. Rev. Dr. Alfred T. Inwood of Los Angeles was the principal speaker.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens
So Naturally that Nobody
Can Tell

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which was a messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears and after another application or two, your hair becomes beautifully dark, thick and glossy.—Advertisement.

Mr. Builder!

would you put a tile roof on your building if the cost was but little more than shingles?

We are preparing to make an indestructible concrete roofing tile, that makes a permanent roof, is artistic and best of all is not expensive.

EVERYBODY ADMIRES A TILE ROOF

But heretofore the expense of putting on has kept most builders from using it.

We have overcome that objection. The roofing tile we make will last practically forever, there is no expense of upkeep, no painting and it will retain its color for ages.

Our tile is used on the new Spurgeon street school building and County Horticulturist Bishop's home on Fairhaven Ave., also on the buildings adjoining the County Hospital.

JOHNSON DEFENDED BY HIS OPPONENT

After an analysis of the figures, the Pasadena News, an anti-Johnson paper, says:

"Figures refuse to sustain the charges of extravagance preferred by the reactionary press. Not by raising false issues can the governor be defeated for reelection. Oppose him on rational grounds and produce admirable Republican material or likely Democratic timber to contest his candidacy and the people who desire a change will be interested, but unless a progressive Republican, unaffiliated with the old regime, is put forward, or a Democrat of Franklin K. Lane's caliber endorsed we shall see another term for Johnson despite the overwhelming Republican registration."

SOCIAL UNREST A SIGN OF PROGRESS

Social unrest is a normal condition for any country that is still a throb with progress. There is a spirit of dissatisfaction abroad in the country today, and this is because people are forever reaching up and looking ahead, striving to climb to higher levels.

The unrest is seen in politics, where change after change is made and experiments tried, seeking to attain a better government, one that will benefit society as a whole and will result in a better social order. Hence the spirit of Progressivism, spread to some extent in all parties, and of which the Progressive party is the embodiment.

This is a healthy sign. It is only when there is an untroubled political area and people lose interest in government and governmental problems that corruption becomes ineffective.

In economic fields there is unrest also. The same thing can be said of education, and the arts, science, literature, and religion. There is a period of unrest before the coming of the new days.

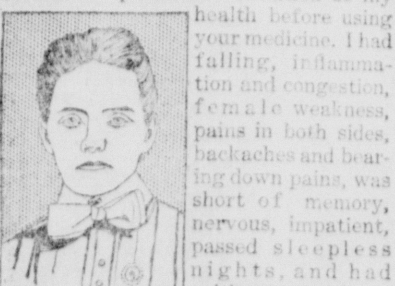

Periods of unrest have preceded every great and permanent advance the race has made. Before Aristotle there were the sophists, the creators of the greatest period of philosophical unrest the Greeks ever knew.

The social unrest of today must be regarded in the light of a desire for progress.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind. I had cold, nervous, I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Pinkham's Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fears and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

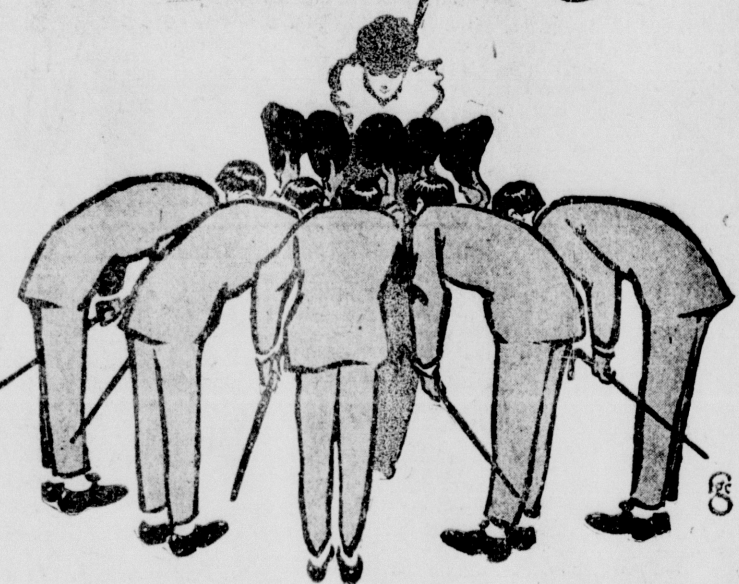

"If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

General Lew Wallace, the author of "Ben-Hur," attended the rendition of his famous book as given one night by Montaville Flowers in the author's home city, Crawfordsville, Ind. At the close General Wallace put his arm about Flowers and said, "This is by far the best treatment my book has ever had." The Cincinnati Enquirer had this to say about the rendition of this play in this city: "Though a resident of this city and in his fiftieth appearance here in ten years to the largest audience in the history of the Y. M. C. A. star course, nearly 4000 people, Montaville Flowers was the extraordinary attraction at Music Hall last night. He presented the monologue of 'Ben-Hur' in a powerful enactment, full of dramatic force and intensity of delivery. In the chariot race scene he reached a climax which is seldom witnessed and which was warmly greeted by the applause of the audience."

DELIGHTFUL RECITAL

Program at First Presbyterian Church Charmed—Benefit Affair Successful

Responding to the promise of a fascinating musical program to be presented by three musicians of excellent repute, a large audience gathered at the First Presbyterian church last night to listen to the recital given under the auspices and for the benefit of the Christian Endeavor Union of this city. Everyone present must have felt fully repaid for attending, the program and its rendition fully meeting, and in some instances surpassing, expectations.

Miss Hornby's pure soprano voice was shown to be wonderfully flexible, adapting itself beautifully to the majestic oratorio, the demand of the Indian love lyrics, the French and German numbers, or to the sweet melodies of the Cycle of Life. Miss Norman, a Santa Ana girl whose playing of the violin has been favorably greeted in many other than local circles, was programmed for but one number, Dr. Lila's "Serenade," but was obliged to give several numbers in response to enthusiastic encores. Mr. Garstang, versatile to a degree, was equally happy on the organ or piano whether as a soloist or as an accompanist. His numbers ranged through a variety of composition, the interpretation being wonderfully pleasing in every instance. Both Mr. Garstang and Miss Hornby responded generously to appreciative encores.

The recital was successful financially as well as artistically, and the result in every respect delighted those responsible for the pleasing musical event.

Tacky Social

At the home of Miss Georgia Bybee, the Intermediate Christian Endeavorers of the First Christian church, spent a pleasant evening at a tacky social. The guests attended dressed in old and tattered clothes. "Stiff collars," torn coats with immense red patches, green stockings, and various other adornments contributed to the gorgeous garb.

The judges decided Miss Mina Dunn and Mr. Harold Frye to be the tackiest people in Santa Ana.

The guests played various games, had guessing contests, progressive conversation and matching of partners.

"Fake" refreshments were first served, consisting of soup, H-2 bread, aerated tea, raisin, chocolate, aerated thinness and marine pastry. Later, cocoa, sandwiches and cookies were served.

Spoke at Banquet

Rev. J. A. Stevenson and son Donald were guests last evening at the banquet of the Union Men's Brotherhood of Orange held in the First Christian church at 6:30 o'clock. Mr. Stevenson gave an after address on "Incandescence Christianity," which was well received, the speaker talking in his usual happy and effective way. One hundred men were seated at the banquet which was a most excellent one. The Union Brotherhood embraces men from all the churches of Orange.

A very interesting program was given by the pupils of the sixth grade at Spurgeon school Friday afternoon at 2:30 o'clock, under the management of their teacher, Miss V. Plumb, in honor of the birthdays of Washington, Lincoln, Lowell and Longfellow, which occur in this month.

Dr. Hughes' Lecture
Dr. Matt S. Hughes of Pasadena, one of the most brilliant ministers and speakers in the United States, lectured last night at the First Methodist church under the auspices of the Intermediate League of the church. He was welcomed by a goodly audience and his lecture on "The Dimensions of Life" was most highly appreciated. It was a wonderful intellectual treat, abounding with eloquence. It was a masterly and inspiring uplift toward the all-round development of man. No one could listen understandingly to such an impressive presentation of the higher duties and possibilities of life without being profoundly moved toward better things. Dr. Hughes' address was an epochal one in the intellectual and spiritual life of this city, and will strengthen the character of every hearer in more or less appreciable degree.

If you bought it at Taylor's you got the best we could buy, and it was put up clean. For instance, those waffles and hot cakes at breakfast and that Special at noon. If you had sandwich and coffee they were made after you ordered them.

AWARDS IN BABY SHOW

Blue Ribbons for Dorothy Veale and Rebecca Joplin—61 Babies in Contest

The McKinley Parent-Teacher's Association of Santa Ana held a baby show on Saturday afternoon in the Intermediate School building on North Main street.

A musical number was rendered by the McKinley Quartette, consisting of Mrs. J. Wm. Sackman, Mrs. Wm. Moody, Miss Mary E. Collins and Mrs. A. E. Chapman. Following this was a very interesting talk by Mrs. Emma Barnes on "The Objects and Aims of Better Baby Contests." The awards were then made by Mrs. F. H. McElree, the president of the City Federation of Parent-Teacher's Associations.

The registration and examination for the McKinley Parent-Teacher's Association baby contest closed last Friday evening, with sixteen babies having been entered, and the babies were shown yesterday. It would be hard to find a finer lot of youngsters in any city than were entered and on exhibition there.

It was found that there were two babies that tied for first place as being the nearest perfect score.

Dorothy Ruth Veale, a beautiful blue-eyed little miss, was born to William and Blanche Veale of 928 West Walnut street on the 17th day of April, 1913. At birth she weighed seven and one-half pounds and at ten months weighs eighteen and one-half.

The other little lady who vies for first place is the four-months-old twin daughter of William P. and Signe A. Joplin of 315 Halesworth street. Her name is Helen Rebecca. With big bright blue eyes and her sunny smile she would be very hard to surpass. While she carries off honors of having the high percentage with regard to perfect score, she is the smaller of the twins. Her sister Rosa, however, shows a good percentage. They were born on October 23, 1913. They now weigh, Helen twelve and three-fourths, and Rosa fifteen and a quarter. Helen at birth weighed six and a quarter pounds and Rosa half a pound more.

Dorothy Veale and Rebecca Joplin were awarded blue ribbons.

In the contest of weight, James Preston Bradford is considered the champion. At birth he tipped the scales at eight pounds and at five months he weighed twenty-two and today he weighs twenty-four and three-fourths pounds, and measures twenty-nine and five-eighths inches in height. This puts him just one year ahead of his age. He is the third son of Halley and Leola Bradford of 1514 Spurgeon street, and was born the 21st day of June, 1913. He was awarded a blue ribbon.

Also in the contest of weight Warren Rier, aged seven months, weight twenty-one pounds, took a blue ribbon as a "heavy-weight." Red ribbons in the weight contest went to Marion Isabella Tanner, aged two years, eight months, weight thirty-two pounds, and Jack Eberlein, aged two years, two months, weight thirty and one-half pounds.

The other babies winning blue ribbons for first place in their respective classes were as follows:

Birth to 6 Months
Alice Lucille Smith, 6 months.
George Slimgton, 6 months.
6 Months to 1 Year
Beryl Ludlow, 7 months.
Edgar Hamilton, 11 months; Harry Hammond Kiehl, 10 months (tied).
1 Year to 18 Months
Frances Maurine McCarter, 1 year and 3 months.
Harold Barkow, 1 year and 4 months.
18 Months to 2 Years
Mary Belle Arnold, 1 year and 8 months.
Alan Beisel, 1 year and 7 months.
2 Years to 3 Years
Bernice Denton, 2 years and 3 months.
Ralph Larock, 2 years and 8 months.
The babies receiving the red ribbons for second place in their respective classes were as follows:

Birth to 6 Months
Mary Evelyn Stafford, 1 month and 14 days.
Russell Matthews, 4 months.
6 Months to 1 Year
Bertha Margaret White, 11 months.
Fred Mangold, 11 months; Clarence Lincoln Block, 1 year (tied).
1 Year to 18 Months
Dorothy Nadine Carmack, 1 year and 2 months.
Louis Edmund House, 1 year and 1 month.
18 Months to 2 Years
Frances Eleanor Harrington, 1 year and 11 months.
Fred Burton Winslow, 1 year and 10 months.
2 Years to 3 Years
Helen Mangold, 2 years and 4 months.
Donald Reither, 2 years and 3 months.

Juvenile Birthday Party

A merry birthday party was given yesterday afternoon by Mrs. K. A. Loerch, 210 Cypress avenue, for the little daughter of the house, Esther, in honor of her fifth birthday. The affair was an out-of-door one, the children playing on the back lawn where everything had been arranged for their pleasure. All of little Esther's playmates remembered her with pretty gifts, and when the merry games were over all the children were grouped for a picture.

Two tables were set on the lawn for the birthday feast and around these the children gathered. Pink roses adorned both tables, and a birthday cake decorated with five pink candles was the star attraction at the table where the small honoree was seated. She blew all the candles out amid moments of breathless interest on the part of the little guests. Mrs. Loerch was aided in waiting on and entertaining the children by Miss Elizabeth Seidel.

Those present besides Esther and Alfred Loerch were Nina Rowland, Bessie and Nettie Jones, Eva and Frances Shipley, Mabel Miller, Marquerite Peckham, Kathleen Trago, Evelyn Babbitt, Ward Babbitt, Helen Bowes.

The lovely new home of Mrs. T. J. Alexander, 1116 French street, was the place selected for the semi-annual class party of Mrs. White's class of the First Baptist church. It is the custom of this class to give two dinners during the year. Long tables were set in the spacious room, and purple was the color seen in the decorations, lovely violets being used on the tables and wild flowers from Laguna in the living room.

After the beautiful noon dinner, at which between forty and fifty people sat down, with Rev. O. S. Russell and Dr. J. Herndon Garnett as honored guests, Rev. Mr. Russell gave the class a talk on Servia. Mrs. Baker, the class president, read a poem in memory of the two called home from the class during the past year, Mrs. L. C. Skinner and Mrs. E. B. Clarke. Then all joined in singing "Blest Be the Tie that Binds." Talks were made by her members of the class and ways planned to furnish the new class room. The afternoon following the dinner was spent in pleasant conversation and fancy work, forming another bead in memory's chain. Thanking the hostess and the committee for the afternoon's pleasure, all went to their homes with happy hearts.

Model Marries a Scion Of the Vanderbilts

Considerable interest has been aroused in society circles in New York by the marriage of Young Arthur Gwynne, nephew of Mrs. Cornelius Vanderbilt, to Miss Anna Regina Kenna. She was an artists' model; he is the son of a wealthy broker. But the young Mrs. Gwynne is as good looking as the women the young man has met in the society to which he has been accustomed.

The pair slipped off to New Jersey the other day, and after obtaining a license there were married by a Methodist clergyman. The authorities of that state when they heard of the case said that twenty-four hours should have elapsed after the issuance of the license, according to the law of New Jersey. Then, again, they found the clerk for cupid had been told the bride was twenty-one years old. It developed later she is not more than seventeen. But what was of more consequence to the young woman, her mother insisted on a religious ceremony and the pair had to stand up before a priest.

Athena Masquerade
Fully two hundred girls of the Athena Club of the High School, including several of the teachers and a few guests, joined in a merry masquerade in the reception hall of the Intermediate school last night. A central mound of calla lilies and greenery, with festoons of greenery in other parts of the hall, were used in decoration. Almost all of those present were masked, and to say that a merry time was enjoyed is expressing it mildly.

The company was divided into groups, and each group furnished various "stunts" which were supremely entertaining. Miss Husser and Miss Brockert contributed a number of vocal solos. Among the maskers a Mutt and Jeff and Slim group was the biggest hit, winning first prize for the most originality in costuming. Those in the group were Miss Stella Nisson as Jeff, Miss Kiffler as Mutt and Miss Louise Grubb as Slim. The prize for the prettiest costume went to Miss Margaret Roy, as the Goddess of Liberty. Miss Helen Carden was attired in a beautiful Colonial costume.

Refreshments of ice cream and cake were enjoyed and punch was served during the evening. The closing scene of the masquerade event was a grand march through the halls and larger rooms of the building.

HEIRESS TO LUCKY BALDWIN'S MILLIONS WRITES MUSIC FOR SUCCESSFUL PLAY

Mrs. Anita Baldwin McClaughry, daughter of Lucky Baldwin, to whom he left millions, has just admitted she is the "Anita Baldwin" whose name appears as the composer of the incidental music of "Omar, the Tentmaker."

Critics thought well of the music, which is part of the Persian atmosphere, but none of them thought to connect the name of "Anita Baldwin" on the program with the California girl who inherited the Baldwin millions. And the management did not announce her identity, because she had asked that the music should be given an opportunity on its own merits. The music is to be published by one of the leading musical firms in the country.

Anita Baldwin McClaughry was divorced recently from H. L. McClaughry, whom she married shortly after inheriting millions from her father. It is said that she turned to music as a relief from her marital troubles. Several of her compositions have been given in concerts in Los Angeles, but this is the first time that she has written the music for a play. She was given the commission to write the music by Richard Walton Tully, author and producer of the Persian play, who is also a Californian.

People everywhere are talking of the quick and fine results Foley Kidney Pills give in backache, rheumatism, kidney and bladder troubles. You can not take them into your system without good results. That is because Foley Kidney Pills give to the kidneys and bladder just what nature calls for to heal these weakened and inactive organs. J. D. Mrs. Stonebracker, Who Is Sued for Divorce

Detectives are hunting for a very prominent Pittsburg official of the steel trust as a witness in the divorce case which her husband has brought against Mrs. Constance Stonebracker. They were sent to Pittsburg some days ago, but the official knew they were coming, and he has been able to elude them.

Of course, he could not be compelled, under the subpoena which they have, to return to New York to testify, but the service of the paper would bring his name into the case.

He is not the only well-known man mentioned by the late husband. There was, for instance, "Big Bill" Edwards, street cleaning commissioner of New York city under Mayor Gaynor. Edwards won national fame when he played on Princeton's football team, and he has been much in the public eye since he left college.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Advertisement.

"HOW D'YE DO" AS CLAIMED, A JOLLITY

A musical farce which labels itself with the non-committal name of "How D'ye Do" attracted a large house at the Grand last night. The program goes on to explain that this "musical jollity" is a "Laughing, singing, dancing show just to keep the audience in good humor—no more, no less." The program is perfectly truthful, for the audience constantly demonstrated its good humor—and the farce was certainly "no more, no less."

Norton and Lee proved a popular pair, and their dancing is a little better than the average. Walter Catlett, who capers in a happy-go-lucky manner in and out of every corner of the farce, was born to be funny, and lived up to his looks. The fake prize fight between this lanky young comedian and George Bickel, who is also way up near the top of the funny column, was about the funniest thing that ever happened, and the audience laughed until its ribs hurt.

Bickel and Watson formed another comedy pair whose German band was a scream. There was plenty of singing, but no music that had any particular charm or beauty, and there were no songs of any particular merit—but there was everything in the way of dancing down to the Salvation Army tango, in which, as Walter Catlett, kindly explained, you "dance on the heels, to save the soles."

No doubt the large chorus wore

gowns which are strictly up to date—most of them were up to the knees, at least, and there wasn't a gown in the outfit that wouldn't go comfortably into a walnut shell. And the very smallest gown was on the very plumpest damsel. The damsel was perhaps a trifle more than plump. The gown was perhaps three-quarters of a yard of black satin—but then, of course, there were the red silk stockings and a large red velvet rose besides. The costumes, as a whole, show considerable wear and tear—but some of the girls were pretty, and all of them were jolly—and as it was said in the beginning, "How D'ye Do" made no claims to anything but jollity.

VENICE
Beneath is spread like a green sea
The waveless plain of Lom-bardy
Island by the vaporous air,
Underneath Day's azure eyes,
Ocean's nursing, Venice, lies—
A peopled labyrinth of walls,
Amphitrite's destined halls,
Which her hoary sire now
paves
With his blue and beaming waves.
Lo! the sun uprisings behind,
Broad, red, radiant, half-re-clined
On the level quivering line
Of the waters crystalline;
And before that chasm of light,
As within a furnace bright,
Column, tower, and dome, and spire,
Shine like obelisks of fire,
Pointing with inconstant motion
From the altar of dark ocean
To the sapphire-tinted skies;
As the flames of sacrifice
From the marble shrines did
rise
As to pierce the dome of gold
where Apollo spoke of old.
—Shelley.
